Shoe Cover Machine

Unique Manufacturer, Global First, use thermal shrinkable principle.

With 12 years of export experience for this automatic shoe cover machine.

Fashion design , it looks more artistic.

Lower cost, cheaper , dcan traditional shoe cover, the thickness is 28um, more durable

Large shoe cover capacity, the maximum shoe cover capacity of traditional shoe cover dispenser is 200pcs. Ours is with 1000pcs or 1600pcs Model XT-46B(I) and (II) shoe cover. No need to add shoe cover very frequently.

Long design life, the design life is 300,000 Times

It is easy to use and comfortable to wear. it only covers the bottom of the shoe, does not bind

This Disposable Auto Shoe Cover Machine can solve the problem of changing shoes or wearing shoe cover by hand when people enter into clean area.

Note: Test Roll is free of charge

Hands free – Just need one step, wait several seconds, then shoe cover will wrap on shoe. It can save your valuable time.

Large shoe cover capacity - One roll shrink film can be made into 1000pcs or 1600pcs shoe cover. No need to add shoe cover very frequently.

High Shoe cover releasing rate

Durable - Thickness of shoe cover is about 28 micron, it is durable

Cost effective - Cheaper than traditional shoe cover which used in the shoe cover dispenser.

It doesn't wrap the whole shoe, not stuffy for feet.

Hospital Furniture.

Medical Furniture and Healthcare Furniture

From functional medical and healthcare furniture for patients such as recliners, sleeper sofas, and case goods, to stylish medical waiting room furniture and guest chairs; our commercial healthcare furniture is purposefully created for healthcare environments. Choosing the right combination of products and processes can help maintain clear surface and may aid in infection control. Our healthcare furniture and waiting room seating does not have surface joints or seams and does not support microbial growth.

A tall, tapered back and clean, crisp lines underscore the contemporary design aesthetic of the Altavilla Dining chair. The back upholstery, with or without the tufted button detail, extends a full 2" to create an extremely comfortable seat. Side underframe rails and front casters are available and are optional.

Sofas for Living Environments

Is your senior living community in need of comfortable and durable sofa seating for communal areas. We takes great care to ensure each sofa chair is engineered to be safe, durable, and easy to clean for skilled nursing homes and memory care units. Browse each seating product to find the best sofas for your retirement facility today!

Hospital Furniture.

Recliner.

Are you looking to improve the comfort of the residents in your senior living environment with reclining chairs for seniors? Research We entire collection of comfortable reclining chairs with arms for senior residents; perfect for senior living communities. We proud to supply industry-leading solutions for stylish assisted living recliners and nursing home recliners to meet the needs your community may have.

Sleeper Sofa

This Carrara Sleeper Sofa has all the features of the original Sleeper Sofa but with a special addition, a built-in solid surface middle table. Flip the back cushion down and it quickly transforms from a sofa into one of five sleeping surfaces backed by a black waterproof fabric barrier. It comes with arm caps; double front drawers are optional and choose Pyramid legs or a Plinth base. Optional locking casters are available but must include center casters.

Waiting area:

The waiting room is where the first impression of the hospital is made when patients enter and wait to be called for whatever is ailing them. The better waiting rooms and public spaces look, the louder the message is delivered to patients and visitors about the level of care, comfort and safety they can expect to receive.
